TESTIMONIALS

I have traveled many, many places and I have never experienced something as special as the day Emotional Sicily planned for us. My husband, my 3-year-old and myself visited Sicily for two weeks and even before we arrived Manila was so helpful with advice and recommendations. She created a perfect excursion for us, that was a magical blend of food, music, wonderful people and warmth and hospitality. She is so knowledgeable, and more importantly, passionate about Sicily and what she does. I feel so lucky that we were able to spend time with Manila and with her friends in Sicily. If you want a vacation that feels deeply connected to the land, the people and the culture, Emotional Sicily is the way to achieve it.

We had the most wonderful unique personal exclusive experience while visting Sicily thanks to the great program Manila at Emotional Sicily put together for us. It was diverse and off the beaten tourist track. We felt very well taken care of from the moment we were picked up by our great driver, to the welcoming and professionalism of all the various guides we had. We got a real taste of this beautiful island and all it has to offer. Many thanks Manila for making this trip with our grown daughter so special!

I searched high and low for some really authentic cultural experiences in Sicily and then I found Emotional Sicily. We did three experiences that were incredibly enriching and immersive, and our hosts were so passionate and enthusiastic. The genuine hospitality we experience was unlike anything we've experienced in a long time. Thank you so much for all you do!

We just returned from a lovely winter vacation in Sicily. We engaged Emotional Sicily to craft some unforgettable experiences. Manila's philosophy of offering unique travel experiences where travelers connect genuinely with the people, culture, food and nature really appealed to us. She has curated a wonderful collection of guides, craftspeople and food producers. The itineraries she created for us revealed secret places and introduced us to experiences we wouldn't have found on our own, despite all the research we typically do. It's experience makers like Manila and Emotional Sicily who make journeys special and unforgettable. So glad to have worked with her!
